Contents:

Preparation of 4-(Fluorophenyl)but-3-en-2-ols
Thies Thiemann
01-06

Synthesis and Characterization of PEG-Ag Nanoparticles:
Investigation of their Antibacterial Properties.
Reshma, Sandepatla Raju and Puppalu Veerasomaiiah
07-12

Synthesis, Characterization and Antimicrobial Evaluation
of Silver Nanoparticles Embedded Alkyd Resin Derived
from Neem Seed Oil.
A Magaji, H Musa, A A Abubakar, H Y Umar
13-20

Synthesis, characterisation and disease oriented
preliminary anticancer in vitro screening of some novel
pyrimidones
Priyanka Singh and S. D. Sharma
21-24

Newly developed method for determination Indomethacin
using Phosphotungstic acid by continue flow injection
analysis via homemade ISNAG-fluorimeter.
Proph. Nagam Shakir. Turkie, Hussein Fares Abd-Alrazack
25-39

An Insight Into The Interaction of Risedronate Sodium
With Human Serum Albumin By Absorption, FT-IR,
Fluorescence, SEM, Voltammetry And Molecular Docking
Studies
Manjushree M, Hosakere D Revanasiddappa
40-54

Proximate, Mineral and Heavy Metal Analysis of Some
Fish Speciescaught from Shagari Earth Dam
Mansur Alhassan, Faruk Umar, Kabiru Jega Umar,
Yaquba Muhammad Sahabi, Yahaya Nasiru
55-58
