

Contents:

Novel Peptide Impurity From Bivalirudin Formulation, Its Detection, Purification And Structure Elucidation Using Amino Acid Sequencing Along With ^1H And ^{13}C Nmr Spectroscopy	01-05
Exploring The Role Of Carbon Dots In Enhancing Photocatalytic Hydrogen Generation: A Detail Review	06-16
Microwave Assisted Synthesis Of Schiff Base Ligand In Bio Based Solvent And Their Transition Metal Complexes	17-24
Synthesis And Characterization Of Struvite By Aqueous Precipitation Using Wastewater And Hot Spring Water	25-30
