Contents:

Biochemical and Molecular Biological Alterations in Angiospermic Plants upon Infection by Angiosperm Parasite, Cuscuta spp.: An Overview 01-09
Danish Inam, India Vikram Singh, Nabeel Ahmad and Sanjay Mishra

Determination of Optimum Parameters Of β-Amylase Obtained From Red Dragonfruit and to Test Inhibitory Activity of C. Igneus on the Amylase Obtained 10-17
Dr. Rekha Dhamnaskar, Ms. Aditi S Rane and Mr. Rohan R Pawar

Molecular Mechanism of MADS-Box Genes as Candidate Genes for Regulation of Terminal Bud Dormancy in Peach 18-25
Mohamed Hamdy Amar

The Healing Effect of a Topical Mixture of Apricot Seeds and Curcumin on Second Degree Burn Wounds in Rat 26-33
Doaa T. Gebreel, Nevien M. Ahmed, Eman A. Youssef

Ethnobotanical Investigation of Medicinal Plants used by Rural Communities of District Chatra, Jharkhand, India 34-49
Rajnandani Kumari, Anil Kumar and Baidyanath Kumar

Isolation and Characterization of Escherichia coli in Street Fast Foods in Rural Areas 50-53
Preeti Dwivedi and Sumit Kumar

Effect of first and second line fixed-dose combination (FDC) antiretroviral drugs on hepatic enzymes, serum protein and liver histology of albino Wistar rats 54-61
Enomfon J. Akpan, Ubokutom E. Akpan, Oboso E. Etim and Utibe E. Bassey

Arabidopsis Trichome: A Model For Fiber Initiation Research 62-68
Anh Phu Nam Bui, Hoang-Dung Tran, Binh-Nguyen Ong, Thuan-Anh Nguyen Hua

Effects of Different Drying Methods on the Nutritional Status of Lycopersicon Esculentum (Tomato) Mill 69-71
Bello, M.I. and Amubieya, F.O.

Effect of treatment switch from first line to second line anti-HIV regimens on cardiac function parameters, lipid profile composition and body weight in albino Wistar rats 72-78
Ubokutom E. Akpan, Oboso E. Etim Enomfon J. Akpan, and Grace E. Akpan
