

**Contents :**

Design, Fabrication And Functionality Testing Of A Mold Box For Double Interlocking Hollow Concrete Blocks	01-08
Cam Profile Testing Machine	09-12
Water Absorption Of Cellular Lightweight Concrete Using Rice Husk Ash As Additive Material	13-19
The Transformative Impact Of Gauss And Riemann On Numerical Integration Calculus: Towards Efficient Computational Methods	20-27
Nonlinear Analysis Of Dam Breaching Parameter	28-38
Validation Of A Mathematical Model For Semi-Elliptical Fins: A Combined Experimental And Finite Element Analysis Approach	39-47
Concrete Face Rockfill Dam Failure Process	48-56
Review On Use Of Pond Ash As Partial Replacement Of Cement In Concrete	57-60
Use Of Carbon Nano Particles In Concrete	61-66
